## PROJECTS

### E Commerce website

Built using HTML, CSS , Javascript

- Developed a responsive and user-friendly e-commerce website using HTML, CSS, and JavaScript.
- The site features a modern design, product listings, shopping cart functionality, and a smooth checkout process, ensuring an engaging user experience across all devices.

### Student management

Built using Python and MySQL

- Developed a Student Management System using Python and MySQL to efficiently manage student records.
- The system allows for the creation, retrieval, update, and deletion (CRUD) of student data, including personal details, academic performance, and attendance.

### Portfolio website

Built using HTML , CSS , Javascript

- Developed a responsive portfolio website to showcase projects and skills. Utilized HTML for structure, CSS for styling, and JavaScript for interactivity.
- The website features a clean and modern UI with ensuring a user-friendly experience across various devices
